We are trusted by the people of Toronto. Read what our clients say about us!

99

The team is so supportive and active. I would highly recommend them for business and corporate security needs.

Shiska Sel

## FAQ'S

### Frequently Asked Question

Everything you need to know about security services

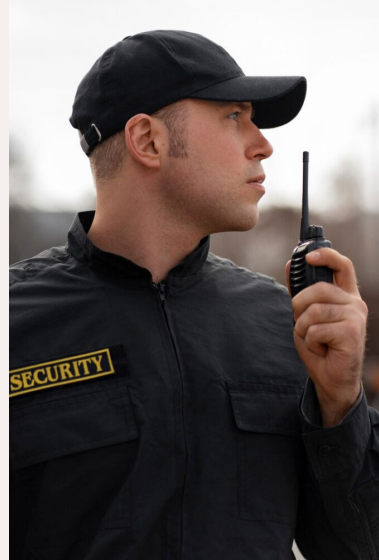

1. What is the difference between a monitored and an unmonitored alarm system?

2. What is the best type of security for my home or business?

The best type of security system for you will depend on your individual needs and budget. We can help you assess your security risks and recommend the best system for your property.

3. How do I get started with Eagle Corp. Security?

4. What should I do if I think my home or business has been burglarized?
